

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1-2. (Cancelled)

3. (New) A driver assistance system for a motor vehicle, comprising:

at least one of: (a) means for outputting information to a vehicle driver of the motor vehicle, and (b) means for operation of the driver assistance system by the vehicle driver;

means for determining a workload state of the vehicle driver; and

means for controlling at least one of (a) the information output and (b) the operation, as a function of the workload state of the vehicle driver.

4. (New) The driver assistance system according to claim 3, further comprising a profile memory for storing at least one user profile, and wherein the controlling is a further function of the user profile stored in the profile memory.
